

Blue Beam Project

In 1994, Serge Monast published Project Blue Beam (NASA), in which he detailed his claim that NASA, with the help of the United Nations, is attempting **to implement a New Age religion with the antichrist at its head and start a New World Order, via a technologically simulated Second Coming of Christ.** The project has 4 steps.

Step 1.

Breaking down of all the archaeological knowledge by faking earthquakes at precise locations around the planet. **Fake new discoveries** will finally explain to all people the error of all fundamental religious doctrines – specifically Christian and Muslim doctrines.

Step 2.

Gigantic space show where in three-dimensional holographic laser projections will be beamed all over the planet. The projections will take shape of whatever **deity is most predominant** and will speak in all languages. At the end of the light show, **all gods will merge into one god** – the antichrist.

Disillusion of social and religious order will set loose millions of programmed religious fanatics through **demonic possession** on a scale never witnessed before. United nations plans to use Beethoven's Ode to Joy as the introduction to New Age one world religion.

Step 3.

Telepathic electronic two-way communication which involves making people think their god is speaking to them through telepathy, projected into the head of each person individually using extreme low frequency radio waves (ELF)

Step 4. has three parts

4.1. Making humanity think an alien invasion is about to occur at every major city.

4.2. Making the Christians think the rapture is about to happen

4.3. Mixture of electronic and supernatural forces allowing the supernatural forces to travel through fiber optics coax power and telephone lines to penetrate all electronic equipment and appliances, that will, by then, all have a special microchip installed.

*The goal of this deals with global Satanic ghosts projected all around the world in order to push all populations to the edge of hysteria and madness, to drown them into a wave of suicide, murder and permanent psychological disorders. After the **Night of the Thousand Stars**, worldwide populations will be ready for the **new messiah to re-establish order and peace at any cost**, even at the cost of abdication of freedom*

Then chaos will break out and people will finally be willing, perhaps even desperate to accept the new world order. All people will be required to take an oath to lucifer with a ritual initiation to enter the new world order. **Resistors will be categorized** as follows:

1. Christian children will be kept for human sacrifice as sexual slaves
2. Prisoners to be used in medical experiments

3. Prisoners to be used as living organ banks

4. Healthy workers in slave labour camps

5. Uncertain prisoners in the International reeducation center, thence to repent on television and learn to glorify the new world order

6. The International execution center

7. Yet unknown seventh classification

If Blue beam projects succeeds they will get full control over the world. All humanity will be enslaved and other beings will not have the power to do anything.

Planned timeline:

2020. World war III and disaster beyond anything humans ever known

2021. Alien artifacts recovered and alien signals received. Humanity will believe they come in peace, to stop the World war III.

2022. Fake aliens landed in America and imposed total control on humans

2023. New world order engulfed entire Earth, entire planet is one big prison

2025. Humans are genetically altered to obey and serve new world order

The Blue Beam Project will pretend to be the universal fulfillment of the prophecies. In principle, it will make use of the **skies as a movie screen** (on the sodium layer at about 60 miles) as **space-based laser-generating satellites project simultaneous images to the four corners of the planet in every language and dialect according to the region.** It deals with the religious aspect of the new world order and is deception and seduction on a massive scale.

Computers will coordinate the satellites and software already in place will run the sky show. Holographic images are based on nearly identical signals combining to produce an image or hologram with deep perspective which is equally applicable to acoustic ELF, VLF and LF waves and optical phenomena. Specifically, the show will consist of multiple holographic images to different parts of the world, each receiving a different image according to the specific national, regional religion. Not a single area will be excluded. With computer animation and sounds appearing to emanate from the very depths of space, astonished ardent followers of the various creeds will witness their own returned messiahs **in convincing lifelike reality.**

Then the projections of Jesus, Mohammed, Buddha, Krishna, etc., will merge into one after correct explanations of the mysteries and revelations will have been disclosed. This one god will, in fact, be the Antichrist, who will explain that the various scriptures have been misunderstood and misinterpreted, and that the religions of old are responsible for turning brother against brother, and nation against nation, therefore old religions must be abolished to make way for the new age new world religion, representing the one god Antichrist they see before them.

A lot of people ask when this is going to happen and how they will accomplish the visions of the Night of a Thousand Stars, and the events that will point to the days when it will begin.

According to the many reports we have received, we believe it will begin with some kind of worldwide economic disaster. Not a complete crash, but enough to allow them **to introduce some kind of in-between currency** before they introduce their electronic cash to replace all paper or plastic money. The in-between currency will be used to force anyone with savings to spend or turn in their cash because they understand that people who have money and are not dependent upon them might be the very ones who will mount an insurrection against them. If everyone is broke, no one can fund a war of any kind: paper currency will cease to exist. This is one of the first signs.

But to implement the worldwide electronic money system, everyone in the world who might have money in the future, will have to have a way to transfer money electronically. Before that time, everyone will have spent, before the year 2,000, all of their cash, reserves and assets. Everyone has to be 100% dependent upon the Council for their existence. To prevent any kind of independence, the new world order has already **implanted micro chips** in wild animals, birds, fish, etc. Why? They want to make certain that the people who will not accept the New World Order will not be able to hunt or fish any where in the world. If they try, they will be tracked and traced by satellites, then hunted down and imprisoned or killed.

The new world order is already changing the laws of all nations to make everyone dependent upon a single food and vitamin supply. They are changing laws about religion and psychiatric disorders in order to identify anyone who is potentially threatening to the NWO. Those who are found defective will be sent to eradication camps where their organs will be taken and sold to the highest bidders. Those who are not killed outright will be used as slave labor or used in medical experiments.

The goal of a dictatorship is to control everyone, everywhere on the planet, ruthlessly and without exception. That's why the new technology being introduced everywhere is a technology for the control of the people. The technology of the 1940s and 1950s was used to help the people have an easier and more productive life.

The new technology is designed and built to track down and control people everywhere. This technology is being manufactured for a specific purpose and to refuse to see and recognize that purpose, which is to enslave the entire populations of the world, is to deny the emergence of the Antichrist and the establishment of the new world order religion and government. No one is safe in a totalitarian police state!
